

EVERYDAY CURRENT AFFAIRS – SEPTEMBER 11, 2025

APPOINTMENT

- **Norway PM Jonas Gahr Stoere Secured 2nd Term**
- ✓ Norway's ruling Labour Party, led by PM Jonas Gahr Stoere, has secured a second term with support from four smaller left-leaning parties, gaining 87 seats, just above the majority mark.

- ✓ While the right-wing populist Progress Party achieved its best-ever result with 48 seats, amid rising voter concerns over living costs, taxes, and oil policy, signaling a political shift to the right despite Labour's win.

SCIENCE, TECHNOLOGY & ENVIRONMENT

- **Indian Army's SAMBHAV Secures Operation Sindoor Communications**
- ✓ During Operation Sindoor, the Indian Army replaced apps like WhatsApp with its indigenous, 5G-enabled secure communication system, SAMBHAV (Secure Army Mobile Bharat Version), featuring multi-layered encryption.

- ✓ The M-Sigma messaging app to ensure data security and operational secrecy, as revealed by Army Chief Gen Upendra Dwivedi, highlighting India's push for Atmanirbhar Bharat and the blending of modern tech with military strategy.

➤ **India Secures Nine World Records in Space Exploration: ISRO**

- ✓ India has secured nine major world records in space exploration, with ISRO Chairman V. Narayanan announcing plans to achieve 8–10 more in the coming years, citing milestones like the Mars Orbiter Mission (first nation to reach Mars on its maiden attempt), PSLV-C37 (launched 104 satellites in one mission), and Chandrayaan-3 (first spacecraft to land near lunar South Pole).

- ✓ He highlighted ISRO's cost-effective innovations, rapid cryogenic tech development, with a bold vision to land a human on the Moon by 2040.
