Tamil Nadu

- Prime Minister Narendra Modi – to inaugurate the last leg of Chennai Metro Rail’s Phase I, connecting 10-km long AG-DMS and Washermenpet, through video conference from Tirupur on February 10.
With this, the 45km phase I becomes fully operational after a period of 6 years, when the construction began at Vadapalani for the elevated corridor in 2009.

The 118.9km phase II is also planned to connect the suburbs with the core city in the next few years.

The Prime Minister will also lay foundation for a terminal building in Trichy airport, modernization of Chennai airport and ESIC hospital in Tirupur.

Tamil Nadu Government – to unveil the draft rules of the ‘State Urban Housing and Habitat Policy’ within the next two weeks.

With the objective of ‘Homes for all’, it aims to ensure the poorest of poor living across the state have access to adequate, safe and affordable housing and basic amenities.

The policy advocates minimum standards of housing and prescribe directions to all the other departments, where they can coordinate and provide basic civil and social amenities to under-privileged beneficiaries.

The National Urban Housing and Habitat Policy, 2007 too mandates every state government to prepare the policy in consultation with urban local bodies and other stakeholders to create suitable living environments for people.

UK-based ‘Laureti Automotive Corporation’ – has proposed to invest Rs 2,800 crore in the Union Territory of Puducherry – to set up an electric vehicle manufacturing plant.

The British Government is expected to produce 10,000 sports utility vehicles (SUVs) by 2021 initially and expected to be scaled up to 20,000 units per year by 2023.

The company has also proposed to manufacture and assemble electric SUV ‘DionX’ in Puducherry, which costs Rs 40 lakh in the market.
The government has suggested a 350-acre site in Karaikal with adequate port connectivity for exporting the vehicles
The project is part of a series of initiatives taken up by the Government under the smart city plan
