

EVERYDAY CURRENT AFFAIRS – AUGUST 9, 2021

STATES

- **Delhi - has become the first city in the country to implement a 'Graded Response Action Plan' for effective management of the Covid-19 pandemic**
- ✓ Under the Graded Response Action Plan (GRAP), there would be four types of alert levels, depending on the seriousness of the situation.
- ✓ The four levels of color-coded alerts include Level-1 (Yellow), Level-2 (Amber), Level-3 (Orange) and Level-4 (Red).
- ✓ Based on these levels, different types of restrictions would be imposed to control the spread of Covid-19 cases in Delhi
- ✓ The GRAP, devised by a State-Level Expert Committee, was approved in July 2021 during a DDMA meeting chaired by the Lieutenant Governor
- ✓ The GRAP has been designed based on three parameters - positivity rate, cumulative new positive cases and average oxygenated bed occupancy - for lockdown or unlock the Capital.
- ✓ Level 1 or yellow alert - will come into force when positivity rate is above 0.5% for two consecutive days, 1500 new cases are registered in one week and 500 patients require oxygen beds.
- ✓ Level 2 or amber alert - will be issued when the positivity rate remains more than 1% for two consecutive days, 3500 new Covid-19 cases come within a week and 700 oxygen beds get filled.
- ✓ Level 3 or orange alert - will be in force when positivity rate is more than 2% for two days, more than 9000 new positive cases for seven days is reported or when the average occupancy of oxygenated beds is 1000 for seven days.
- ✓ Level 4 or red alert - will come into force when positivity rate more than 5% for two days or when cumulative new positive cases for 7 days is more than 16,000 or when average occupancy of oxygenated beds is 3000 for seven days.

- **The Uttar Pradesh government - expects to set a new record in paddy production for the second year in a row this year**

- ✓ This year, the area under cultivation of paddy has increased from 58.92 to 60 lakh hectares under favourable weather conditions, better rains and the measures taken by the state government.
- ✓ The government expects the paddy yield to increase by 1 million tonnes in the current Kharif season.
- ✓ Last year, the production of paddy had crossed 257.04 lakh tonnes.
- ✓ This year, the agriculture department had set a target of cultivating paddy on 60 lakh hectares of land out of 96.03 lakh hectares this Kharif season.
- ✓ UP is also likely to set a new record in the production of coarse cereals like millet and maize as well this year.
